

```
105  const PORT = process.env.PORT ||  
    5000;  
106  
107  // Start server and initialize  
    database  
108  ✓ app.listen(PORT, '0.0.0.0', async  
    () => {  
109      console.log(`Server running  
on port ${PORT}`);  
110      await initializeDatabase();  
111  });
```
